Winter Heating Budget Pricing Plans

Combine plans to create a Budget with Benefits!

www.bumgardnerflasheroil.com

Now Offering Two Budget Programs

Budget Plan

Our monthly Budget Plan is set up with you in mind. It is one of the best ways to efficiently manage your oil delivery costs. The Budget Plan spreads out your annual heating costs in to 12 smaller, predictable monthly payments rather than lump sums at the time of deliveries.

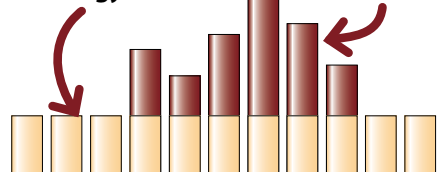

Our program starts in September. The estimated monthly budget is calculated by the prior year's oil usage.

Program Details

- ▶ Rates are not locked in
- ▶ Per-gallon discount is based on charge price the day of delivery

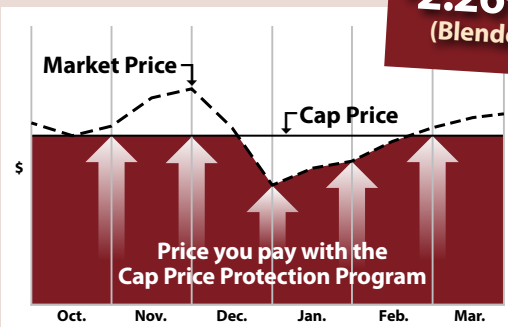

Budget Program evens out energy costs and avoids seasonal bills

Cap Budget Plan

We have designed our Cap Pricing Plan so you won't have to worry about shifting energy prices. For a nominal fee spread out across your monthly budget payments through the Cap Plan you can get insurance to shield yourself against heating oil price fluctuations. If fuel prices rise, your price never goes above the Cap price during the program period, and if fuel prices drop, your price drops too.

Enroll today and your maximum oil price will be **\$2.16⁹/gal. (Heating Oil)** and **\$2.26⁹/gal. (Blended)**

Program Details

- ▶ A guaranteed maximum price you'll pay for fuel, **you can set your household budget on this price**
- ▶ Protection from rising energy prices
- ▶ If the market falls you will receive the lower price
- ▶ \$17.00 per month protection price insurance fee will be included in payment
- ▶ Gallons available while supplies last
- ▶ Price based on daily charge price

Act Now! Limited Cap Plans are available Call for details

2017-2018 Winter Budget Program Enrollment Form

Name: _____

Street: _____

City, State, Zip: _____

Telephone: _____

Fuel Type:

- Heating Oil Additive Performance Blend

Budget Pricing Plan:

- Enroll me in the Budget Plan.

Cap Budget Pricing Plan:

- Enroll me in the Cap Budget Pricing Plan.

Cap program pricing pertains to designated gallons. In the event of supply disruption due to an act of God, war, terrorist activity, or supply interruption beyond the control of Bumgardner & Flasher Oil, available Cap plan gallons will be allocated on an equitable basis to all Cap customers.

I have read and understand the terms of the Cap Budget Plan.
